

PLANT PATHOLOGY SEMINAR SERIES

Fall Semester 2023

Mondays, 3:00 to 4:00 PM

Athens: 2401 Plant Sciences Tifton: 533 NESPAL Griffin: Turfgrass Building conference room

Zoom: <https://zoom.us/j/93773312465?pwd=cWR6cUFUZmdDSIijUVVHUkZHRWo0dz09>

Meeting ID: 937 7331 2465 Passcode: 179926

Coordinators: Soraya Bertoli and Albert Culbreath

DATE	PRESENTER	TITLE
21 August	Dr. Kisha Shelton Academic Professional Associate UGA Plant Pathology	Introduction to Seminar Series – Student Welcome
28 August	Dr. Jean Lodge Adjunct Botanist UGA Plant Biology	Updates to the Georgia Museum of Natural History Mycological Herbarium (GAM) – How to Access Specimen Records Online
4 September	Labor Day – no seminar	
11 September	Dr. Ying Wang Associate Professor UF Plant Pathology	A Foreign RNA's Journey in Cells
18 September	Dr. Alison Adams Postdoc Research Associate UGA Plant Pathology	Understanding Host-Microbe Interactions in Maize Kernel and Sweet Potato Leaf Metagenomic Profiles
25 September	Dr. Jianchi Chen Research Plant Pathologist USDA-ARS	TBD
2 October	Dr. Phillip Vines Research Professional UGA Crop and Soil Sciences	Breeding for Gray Leaf Spot Resistance in Turf-Type Tall Fescue
9 October	Caleb Bollenbacher MS Student UGA Plant Pathology	Identification, Pathogenicity, and Fungicide-Resistance Status of <i>Colletotrichum spp.</i> Isolates and Organic Management Options for Georgia Blueberry (MS exit seminar)
16 October	Dr. Meg Mittelstadt Director UGA-CTL	The GPT Revolution: Exploring Prospects and Roadblocks in Teaching and Learning
23 October	Alan Peper PhD Candidate UGA Plant Pathology	Calcite Dissolving Bacteria: A New Approach in Sustainable Peanut (<i>Arachis hypogaea</i>) Production (PhD exit seminar)
30 October	Blake Alexander Oakley PhD Candidate UGA Plant Pathology	Denitrification in <i>Fusarium</i> : A Crossroads Between Fungal Biology and Emission of a Major Greenhouse Gas (PhD exit seminar)
6 November	Laxmi Pandey MS Student UGA Plant Pathology	Management Approaches for Pre-Harvest and Post-Harvest Aflatoxin Contamination in Peanut (MS exit seminar)
13 November	Dr. Sarah Lowder Assistant Professor UGA Horticulture	Hands-On Sampling for Grape Powdery Mildew and QoI Fungicide Resistance
20 November	Thanksgiving Week – no seminar	
27 November	Dr. Emily Cantowine Professor VSU Biology	<i>In Vitro</i> and <i>In Vivo</i> Study of the Early and Late Leaf Spot Pathogens of Peanut
4 December	Dr. Lesley Schumacher Research Plant Pathologist USDA-ARS	Utilitarianism in Nematology: Finding Effective Solutions to Solve Crop Production Challenges
