

Department of Plant Pathology
Fall Semester 2021
Mondays at 3:00 pm
Held via Zoom

8/23/2021	Dr. Baozhu Guo Research Plant Pathologist USDA-ARS Crop Genetics and Breeding Research, Tifton	The Journey of a Plant Pathologist: Searching for Crop Resistance to Diseases
8/30/2021	June Clary MS Exit Seminar	Population Structure and Diversity of <i>Phakopsora pachyrhizi</i> in the Southeastern United States
9/06/2021	LABOR DAY-- NO SEMINAR	
9/13/2021	Santosh Koirala PhD Transition Seminar	Center Rot Management in Organic Onion: Assessing Survival and Management Options
9/20/2021	Dr. Anju Verma Research Professional III, UGA Plant Pathology, Athens	Effector Protein Discovery and Function in Cyst Nematode-Plant Interactions
9/27/2021	Dr. William Rutter Research Plant Pathologist USDA-ARS Vegetable Laboratory, Charleston, SC	Developing Tools to Manage Root-Knot Nematodes in Vegetable Crops
10/04/2021	Dr. Peggy Ozias-Akins UGA Horticulture, Tifton	Exploiting Natural and Artificial Variation for Peanut Improvement
10/11/2021	Caroline Burks MS exit seminar	Antifungal Resistance in the Human Pathogen <i>Aspergillus fumigatus</i> on Commercial Plant Products
10/18/2021	Jessica Bell PhD Transition Seminar	Everything you Ever Wanted to Know About White Mold
10/25/2021	Dr. Mohamed Khan Professor, Extension Plant Pathologist North Dakota State University, Fargo, ND	The Sugar Story
11/01/2021	Logan Moore PhD Exit Seminar	Optimizing and Maintaining Efficacy of Fungicides for <i>Venturia effusa</i> and Mechanisms of Resistance to the DMI Fungicides
11/08/2021	Chinaza Nnamdi MS Exit Seminar	Delivery, Movement, and Efficacy of Nematicides for Management of Plant- Parasitic Nematodes in Vegetables

Department of Plant Pathology
Fall Semester 2021
Mondays at 3:00 pm
Held via Zoom

11/15/2021	Dr. Richard Davis Research Plant Pathologist USDA-ARS Crop Genetics and Breeding Research, Tifton	Identification and Utilization of Host- Plant Resistance for Root-Knot Nematode Management in Southern Row Crops
11/22/2021	Dr. Phil Brannen Professor, UGA Plant Pathology, Athens	A Brief History of Georgia Peach Production and Phony Peach — A Dragon That Must Be Slain!
11/29/2021	Peter DiGennaro Assistant Professor Molecular Nematology, University of Florida	A Basic Nematology Anthology: from Identification to Interactions
12/06/2021	Dr. Harald Scherm Department Head, UGA Plant Pathology, Athens	Plant Pathology by Numbers
